GM ALLIANCE NETWORK

Equipment Catalog

HLCM Group product lines — represented in Haiti by TGM Construction

gmalliancenetwork.com

GNSS & TOTAL STATIONS

Trimble

Survey-grade GNSS receivers, total stations, 3D scanners and field software.

REQUEST INFORMATION

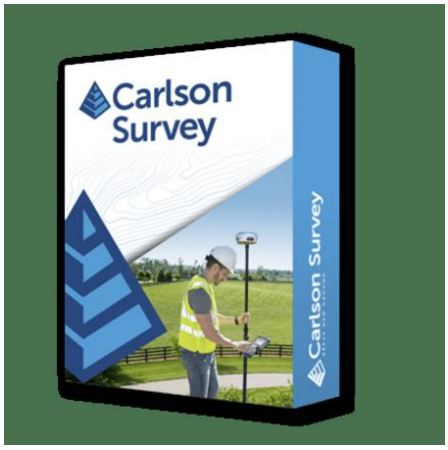

PRECISION AGRICULTURE

PTX Trimble

Guidance displays, autosteering and farm-data solutions for precision agriculture.

REQUEST INFORMATION

FIELD SOFTWARE & CONTROLLERS

Carlson

Rugged data collectors and surveying, CAD and machine-control software.

REQUEST INFORMATION

SURVEY ACCESSORIES

SECO

Professional tripods, poles, prisms and field accessories built for daily use.

REQUEST INFORMATION

CONSTRUCTION LASERS

Spectra Precision

Rotating, line and pipe lasers and machine-control tools for site work.

REQUEST INFORMATION

GNSS & OPTICAL SURVEYING

Spectra Geospatial

SP100 GNSS receiver, FOCUS robotic total stations and Nikon mechanical stations.

REQUEST INFORMATION

FIXED-WING DRONES

Delair

Long-range fixed-wing UAVs for large-area mapping and corridor surveys.

REQUEST INFORMATION

TILLAGE IMPLEMENTS

Orthman

Strip-till and row-crop implements engineered for precision farming.

REQUEST INFORMATION

REMOTE SENSING

Drones & Payloads

Enterprise aircraft, cameras and sensors for inspection and data capture.

REQUEST INFORMATION

UAV LIDAR

YellowScan

Integrated aerial LiDAR systems for fast, detailed three-dimensional surveys.

REQUEST INFORMATION

GROUND PENETRATING RADAR

IDS GeoRadar

Multi-channel GPR systems for utility detection and subsurface mapping.

REQUEST INFORMATION

PHOTOGRAMMETRY SOFTWARE

PIX4D

Drone and terrestrial photogrammetry software for maps, models and point clouds.

REQUEST INFORMATION

AUTOSTEERING & ROBOTICS

FJDynamics

Affordable autosteer kits and smart agricultural machinery solutions.

REQUEST INFORMATION

HYDROGRAPHIC SURVEYING

Seafloor

Uncrewed survey vessels and sonar solutions for bathymetric data collection.

REQUEST INFORMATION

UTILITY LOCATING

Radiodetection

Cable and pipe locators for finding buried utilities safely.

REQUEST INFORMATION

FORENSIC 3D SOFTWARE

Bluelight

Software for 3D crime-scene and accident reconstruction from scan data.

REQUEST INFORMATION
